Meet at Grace Oliver Beach ∞ **End at Gas House Beach**

**Walks around the scenic sheltered coves
at the end of the mainland peninsula ~
with stunning vistas over two off-shore islands
in this beautiful & ecologically vital coastal zone**

Marblehead's Little Harbor is where Marblehead's early settlement began c. 1629

The tour will highlight the **islands**, the **shoreline**, and **their stories**, while discussing the area's early social history in the 1600s & 1700s, its development in the 1800s, and a nearby aircraft manufactory in the early 1900s — as well as **current conservation issues**.

Tours are led by **Judy Anderson** of Marblehead Architecture & Heritage Tours

Little Harbor's two off-shore islands are preserved as natural open spaces in perpetuity due to their donations in 2018 & 1955 to the *Trustees of Reservations*, which manages nearly 120 miles of coastline in MA and nearly the same number of total properties in the state.

Crowninshield Island (formerly Brown's) was given by Louise DuPont Crowninshield in 1955. *Gerry's Island* was donated by Ted & Julie Moore in 2018. ~ An endowment for ongoing preservation of both islands was raised by contributions to the Trustees from many people.
